DETAILED OFFICE ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 11/24/04 has been entered.

2. The information disclosure statement (IDS) submitted on 11/24/04 was filed after the mailing date of the Notice of Allowance on 8/26/04. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

3. Claims 1-4 and 6-9 are allowed.

4. The following is an examiner's statement of reasons for allowance: the prior art of record neither teaches nor renders obvious all of the claimed limitations including cooling the plastic material to a temperature below its softening point and then applying heat to the metal surface to re-soften or re-melt the plastic material in contact with the metal surface to enhance adhesion between the plastic material and the metal surface.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
